В

Demand Circulator should be controlled by push button, motion sensor, or door contacts.

Demand Circulator should be designed specifically for tankless water heaters.

Ensure Demand Circulator is sized for desired flow rate and pressure drop of circulation loop.

Contact Demand Circulator manufacturer for assistance with circulator sizing.

Pump should be of bronze or stainless steel construction.

The use of Demand Circulators will maintain full warrantee of Rinnai water heaters.

Reference Water Heater IO Manual for cascading instructions.
